

STATEMENT of TEACHING

I have earned my Ph.D. degree in the Business discipline and have almost ten years of private sector experience. I have been working for Yuksek Ihtisas University since March 2017. Until then, I have been teaching various courses and training, relying on my academic and professional background. The list of courses I taught can be seen below:

Associate Level

Fundamentals of Economy
Fundamentals of Information Technologies
Fundamentals of Accounting
Principles of Marketing
Customer Relationship Management
Consumer Behavior
Strategic Planning of Health Services
Research Methods
Fundamentals of Information Technologies
Career Planning

Bachelors Level

Fundamentals of Economy
Fundamentals of Micro Economy
Career Planning

Career Development Centre Trainings

CV Preparation Training
Personnel Affairs Training
Job Interview Simulation

I have already got the trainer training certificate, and I am widely using the various tools, including PowerPoint presentations and simulations. Also, I believe the measuring method for each course should be unique. So I do my exams in various ways as tests, take-home exams, or written exams.

Alisan BALTACI, Ph.D.
